- Increased Productivity- Less Stress
- Enhanced Mood and Sleep Patterns
- Antioxidant & Anti-Inflammatory

A powerful nootropic blend of cognitive enhancing ingredients.

Mindfulness Enhancing Supplement

iZoneIQ has proudly developed a comprehensive nootropic supplement to support and enhance: brain blood circulation, memory retention, cognitive functions such as alertness, focus, calmness, creativity and attention, healthy neuro-transmission functions, reduction in stress, reduction in inflammation due to the use of natural ingredients such as curcumin

iZoneIQ was created and formulated on “evidence-based science” by a world class scientist in modern and alternative medicine and athletes including medical professionals and students for higher alertness, focus, calmness, improved memory, including reduction in stress level and anxiety, decrease procrastination, and have more energy.

The iZoneIQ is a single shot fast-acting formula (10-20 minutes in most people) when taken on an empty stomach with a positive performance outcome that lasts for hours without crashing and jitters associated with many caffeinated products. Another major benefit is the relatively low amount of sugars (Stevia) in the product. According to scientific publications, reduction in inflammation, memory, focus and nootropic effects are associated with increased blood flow. The product has cacao enriched with L-Theanine to bring state of calmness, better quality of sleep combined with focus and alertness.

Experience your routine flow-state by transforming into the iZoneIQ state of calmness and in rhythm with the harmony. The rich anti-oxidants natural compounds in the products such as polyphenols found in cocoa, ginger and cinnamon and lipoic acid reduce oxidative stress and thus, pathogenic inflammation.

Precautions: Use only as directed. Do not take this product if you are pregnant, nursing or allergic to any ingredients in the product. Consult a healthcare professional before using this product if you have a serious medical condition or if you are taking medications, other supplements, including vitamins.
